Woodland Vanity Program

- Countertops, sinks, faucets (fixtures, decorative hardware-pulls, knobs) are NOT included.
- Dimensions listed are for cabinet box. Countertops (not included), applied moldings, feet, etc. that extend past box are NOT included in those dimensions. Upon request, a PDF file can be provided that give those specific dimensions. Please make sure that you allow enough room for those vanities that have features which extend past the box.
- Interiors are pre-finished maple or birch ply, determined by availability.
- All vanities include soft-close door hinges and drawer slides.
- Drawers are solid maple with dovetail joints.
- Base price is for Classic Paints or Classic Stains. Any other Woodland finish will incur a percentage upcharge based on the wood species required or additional process time for that finish.
- Any modification to the standards (size, interiors, finishes, etc.) will be custom quoted and will require additional time for the quote to be processed. Please contact your sales representative or Woodland customer service (208)523-9006 for more information.
- Please specify number of sinks to be installed on vanity.

*Disclaimer on Woodland finishes

Due to light conditions and color settings on your monitor/device, finish thumbnail images are only a representation of the finish and may vary from the actual finish. Please order a strikeoff or ask to see marketing samples to ensure a closer color accuracy. Even then, stained or painted finishes may vary 10% due to variations in wood tone.
